BMAC Surface Screen Results PR.06.26.14.docx

Gentlemen,

Please take a look at the attached and let me know if you see anything that needs corrected or clarified, or anything that we need to discuss before it moves along through concurrence. Needing your comments ASAP so that this can proceed through concurrence.

If it looks okay without revisions (cough-cough), please let me know that ASAP, too, so that I'll know this can move on down the line.

Thanks very much.
